SPECIAL NOTICE

This list is intended for the TRADE ONLY. If it reaches people NOT entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds. We do not authorize dealers to use our name.

Chase, Alabama,
October 5th, 1940.

To The Trade:

This issue of our annual Trade List, is a return to a normal, easy-to-read number, following our "deluxe" effort of a year ago celebrating our 50th year in business. A change this year that we think helpful, is the placing of the Index where you can get at it with a flip of the cover. They tell us this is a violation of good printing rules, but if it is a helpful change, we expect to continue the violation.

We can't help but feel that good nursery stock will find a happy home this coming season, and at living prices. Certainly this section has been favored with one of the best growing seasons in years, and on the whole, we can say that prospects with us as to crop, quality and condition, are rosy. It is with thankful hearts that we can make this statement, as we think of the conditions that surround our fellow craftsmen in all Europe. What a priceless thing is this American liberty of ours.

As in the past, we shall give your "hurry" orders all the speed that our unusual facilities afford—two railroads, both telegraph companies, express and postal service, all within a block of our packing house and office.

You gave us a very satisfying business this past year. We appreciate it, and thank you.

Yours very truly,

CHASE NURSERY COMPANY.

Terms and Conditions

TELEGRAPHIC INQUIRIES

If you fail to receive a telegraphic reply to a telegraphic inquiry it means that we CANNOT supply goods wanted. Our rule, in such cases, is to immediately acknowledge your wire by MAIL.

SHIPMENTS

Please state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests, without assuming responsibility.

The risk and cost of transportation belongs to purchaser.

TERMS

1. **Open Accounts (on known or approved credit rating):** Two per cent 10 days; 30 days net.
2. **Cash With Order:** In lieu of all cash discounts, we pack Naked-Root stock free when the full payment accompanies order. Note that this does not apply to Balled-and-Burlapped items.
3. **C. O. D. Orders:** **When ordering goods shipped C. O. D., be sure that at least 25 per cent accompanies order.**
4. **Boxes and Bales Extra at Cost:** Except when Item 2 above applies.

PRICES

This List is intended for the TRADE and should be found only in the hands of people who buy our products for resale at a profit.

We price "Per Each," "Per 10," and "Per 100." To obtain the lowest published price on Naked Root deciduous stock your order must consist of at least fifty plants and not less than ten of a variety or grade.

Orders for less than ten of a variety or grade, will be invoiced at an ADVANCE OF 25% OVER THE TEN RATE REGARDLESS OF THE SIZE OF THE ORDER, except in Conifers and Broadleaved Evergreens where the "Each" and "Per 10" rates apply.

Prices do not include packing charges (except as noted above under "cash-with-order" terms). For cost of bales and boxes see Page 4.

All prices are subject to market changes.

GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heavier stock. Our rule is, "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE." Detailed information as to our method of grading Hedge Plants and Roses is given under such heads.

TRANSPORTATION RISKS

While we use every means at our command to secure prompt delivery, WE ARE NOT LIABLE FOR DELAYS IN TRANSIT; OUR RESPONSIBILITY ENDS UPON DELIVERY IN GOOD ORDER TO CARRIER. Remedy for loss must lie between the buyer and the carrier, but we will gladly render all the aid we can.

CLAIMS

All claims must be made immediately after receipt of stock.

LIABILITY and NON-WARRANTY

All quotations are for immediate acceptance and subject to stock being sold. All bookings are without liability to us should injury befall stock from frost, hail, fire or other cause beyond our control, and subject to the standard form Non-Warranty Clause which reads: **"We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any nursery stock, seeds or bulbs we sell."**

COMBINATION CARLOAD SHIPMENTS

When possible we combine shipments into carloads for distribution at Chicago, Cincinnati, Rochester and St. Louis, often to other points, giving you benefit of c/l freight rate and quick through refrigerator car service.

PACKING CHARGES

We use bone-dry, high grade boxing lumber that is light and strong, and makes a good looking package.
